
O-Lube, Super-O-Lube

Certificate of Harmlessness

Created

HH / 07.09.2021

Status

Approved

Electronically generated data sheet.
Not subject to the change service.

We confirm that Parker O-Lube and Parker Super-O-Lube are free of hazardous chemicals, biological and radioactive materials. They do not represent any hazardous substances within the meaning of the CLP regulation (European GHS regulation (EC) No. 1272/2008) and are not subject to any further labeling. Special safety precautions are not required when handling, but skin protection measures according to EN 374 Type C (disposable gloves) are recommended.
