

TEROSON VR 410

Known as Fluid D

August 2017

PRODUCT DESCRIPTION

TEROSON VR 410 provides the following characteristics:

Technology	Sealing Compound for Casings and Flanges
Sealing Face	Flange Width \geq 20 mm
Additional Information	thick paste, non-setting, easy-parting

TEROSON VR 410 is a non-hardening, permanently plastic synthetic resin sealing paste. Because of these properties, metal elements may be joined and sealed either immediately following application of TEROSON VR 410 or even several hours later and can then be separated again easily when required. TEROSON VR 410 is usually been used in combination with a solid gasket.

Application areas:

Easy-parting seals on casings, lids and flanges, especially those subject to vibration or corrosion. The flange face may be of any size, though a minimum flange width of 20 mm should be provided. TEROSON VR 410 is also used for bonding solid gaskets.

TECHNICAL DATA

(Typical Test Results)

Colour:	blue
Odour	specific characteristic odour
Consistency:	paste, spreadable
Density:	approx. 1.12 g/cm ³
Solids:	approx. 89 %
In service temperature:	-40 to 120 °C

PRELIMINARY STATEMENT

Prior to use it is necessary to read the **Material Safety Data Sheet** for information about precautionary measures and safety recommendations. Also, for chemical products exempt from compulsory labeling, the relevant precautions should always be observed.

Application:

Applying the sealant:

TEROSON VR 410 is applied to the machined metal flanges evenly to a thickness of ca. 1.0 mm either on one surface or on both surfaces. If the sealant has been applied very thinly, the components may be fitted together immediately; if thicker coats have been applied then you should allow ca. 10 minutes drying time; and if a bead has been applied you should allow several hours for drying. TEROSON VR 410 will remain plastic (will not set).

Storage:

Frost sensitive	yes, to a limited extent (solidifies at temperatures below 0°C, but becomes usable again after slow warming to room temperature)
Recommended storage temperature	10 to 25 °C
Shelf life	12 months

Disclaimer

The information provided in this Technical Data Sheet (TDS) including the recommendations for use and application of the product are based on our knowledge and experience of the product as at the date of this TDS. The product can have a variety of different applications as well as differing application and working conditions in your environment that are beyond our control. Henkel is, therefore, not liable for the suitability of our product for the production processes and conditions in respect of which you use them, as well as the intended applications and results. We strongly recommend that you carry out your own prior trials to confirm such suitability of our product. Any liability in respect of the information in the Technical Data Sheet or any other written or oral recommendation(s) regarding the concerned product is excluded, except if otherwise explicitly agreed and except in relation to death or personal injury caused by our negligence and any liability under any applicable mandatory product liability law.

In case products are delivered by Henkel Belgium NV, Henkel Electronic Materials NV, Henkel Nederland BV, Henkel Technologies France SAS and Henkel France SA please additionally note the following:

In case Henkel would be nevertheless held liable, on whatever legal ground, Henkel's liability will in no event exceed the amount of the concerned delivery.

In case products are delivered by Henkel Colombiana, S.A.S. the following disclaimer is applicable:
